

# **WEB BASED METHODS AND SYSTEMS FOR MANAGING COMPLIANCE ASSURANCE INFORMATION**

## **Abstract of Disclosure**

A method for managing, storing, and disseminating compliance assurance (CA) information using a web-based system is provided. The system employs a server system coupled to a centralized interactive database and at least one client system. The method includes receiving CA information from a client system, storing CA information into a centralized database, cross-referencing CA information, updating the centralized database periodically to maintain CA information, providing CA information in response to an inquiry; and notifying users electronically of CA tasks and CA deadlines.
